*"In a time of drastic change it is the learners who inherit the future.
The learned usually find themselves equipped to live in a world that no longer exists."*—Eric Hoffer

3940 Cascade Road, Atlanta 30331 | 404-865-1463 | omnischoolatl.com

Meet the Founder

"Children have a higher capacity to learn advanced concepts much sooner than we give them credit, but they must be in developmentally appropriate environments that are conducive for learning to take place. OMNI has raised the bar in teaching children how to become critical thinkers and competitive in a global economy. We understand learning begins at home, which means schools have a responsibility to partner with parents and empower them to engage with their children in meaningful ways. Schools also have a responsibility to make learning enjoyable from the onset while cultivating a sense of self and community. On day one, OMNI works jointly with families to foster a love of learning and pride in belonging ... in multiple languages."

Dr. TJ Bell Marks

What to Look For When Choosing A PRESCHOOL

You've researched and narrowed your preschool choices – now it's time to visit. Here's what to pay attention to:

- Look for a warm interaction between the teacher and the kids.
- Find out how parents and teachers communicate.
- Make sure the classroom has different activity areas for reading, art, naps, books and toys.
- Learn about the school's policies on illness and discipline.
- Check the preschool's daily routine and pacing.
- Consider whether the preschool is convenient to your home and/or office.

Building a love of learning and a community for life.

What Sets Montessori Apart

Aside from multi-age classrooms and self-paced learning, Montessori schools have hands-on materials to highlight an idea or concept. Teachers don't lead in front of a classroom, but guide each student individually. Some Montessori schools do not assign homework or give grades.

18 MONTHS – 8TH GRADE

Springmont's authentic Montessori experience balances academic learning with social/emotional well-being. Highly experienced and caring teachers guide individualized learning that inspires students to become creative, independent and globally-minded.

EXTRAORDINARY BY DESIGN.

Atlanta • Alpharetta • Cumming • Duluth
Dacula • Fayetteville • East Cobb • Marietta

(404) 255-2033
www.childrensent.com

Since 1987, we have cared for thousands of children with common to complex ear, nose, and throat conditions. Today, we are the largest privately-operated pediatric ENT provider in the Southeast, with nine locations including four Rapid ENT Care Centers, and four Hearing Centers of Excellence. Our physicians are board-certified, fellowship-trained pediatric specialists and head and neck surgeons.

Our Rapid ENT Care Centers, staffed by pediatric-trained physician assistants and nurse practitioners, provide quick access to ENT care and treatment.

Through our pediatric audiologists and physicians, our Hearing Centers of Excellence provide patient access to hearing loss evaluations, hearing tests, hearing aids, assistive technology, hearing loss prevention, and state-of-the-art cochlear implantation.
